

SAMPLE SUBMISSION GUIDE

Site Directed Mutagenesis

Sending samples according to the requirements below helps us to do our job better and provides you with accurate results!

Sample Data and Formats

- Please use our [online forms](#) for site directed mutagenesis service orders and quote requests
- We will calculate the price of the project based on your request and send you a Quotation. The Quotation summarises your request and specifies our workflow including the price of the service.

Sample Requirements

- Please send us all samples in a concentration of 200ng/μl
- The total sample volume should be minimum 20 μl (5 μg DNA)
- The sample should be sent in doubled distilled water or TE buffer
- Please send your samples in 1.5ml tubes
- Labelling of the tubes:
 - Sample Name as indicated in the request form
 - Concentration of the sample
 - Volume of the sample

Shipping

- Ship the samples liquid at ambient temperature
- Shipping address:

Gene Synthesis - Lab
Eurofins Genomics
c/o Dr. Uwe Köhler
Anzinger Str. 7a
D-85560 Ebersberg

- Please also send a printed copy of the signed **Quotation** together with the sample
